### BATTING AND OTHER BASEBALL FIGURES

### Speaker and McCarthy Lead Batters—The Big Tennis Players

New York, Aug. 5.—Speaker and McCarthy are still leading the American and National leagues respectively, according to the figures today. Speaker's average is .378. McCarthy's walloping record is .395.

Gharrett of Washington is second in the American with .348. Ty Cobb is third just 40 points below Speaker. Jackson and Mullin are pressing Cobb closely with .345 and .343.

Duguey of Philadelphia is second in the National with .385 in 25 games. Robertson and Daubert are third and fourth with .348 and .326. Honus Wagner is fifth with .316.

Cullop of the Yanks and Morton of the Indians are the real leaders among the American league pitchers. Cullop has won 9 and lost 1. Morton has won 11 and lost 2. Walter Johnson is some distance down the list with 18 won and 11 lost.

Pfeffer, Brooklyn, is the real National league leader of pitchers. He has won 17 and lost five.

Hughes, Boston, has won 9 and lost 3. Grover Cleveland Wood has won 20 and lost 7.

#### White Sox Still Lead.

Chicago, Aug. 5.—The White Sox were still hanging on to first place today in the American league pennant race.

The Sox split a double bill with the Senators here yesterday before 22,000 rabid fans, while the Browns gave them an added advantage over the Boston Red Sox by walloping out a 6 to 1 win at St. Louis. The White Sox are now leading by half a game.

#### Cleveland Gets Guisto.

Portland, Ore., Aug. 5.—Louis Guisto is the property of the Cleveland American league today. In exchange for him the Portland club gets seven players and a cash consideration said to be \$5,000. The papers were signed last night. Vice-President Barnard of the Indians and Judge McCredie affixing their signatures.

#### Auto Race at Tacoma.

Tacoma, Wash., Aug. 5.—With a \$10,000 purse as an incentive, 14 racing drivers this afternoon will line up for the beginning of a 300 mile journey over the speedway course in the Mountmarathon-Golden Potlatch annual classic.

Ralph De Palma, the sensational Italian racer in his powerful Mercedes and Barney Oldfield in his Blue Delage flier are favorites in today's contest, but the galaxy of stars entered makes picking a winner an uncertain business.

#### Speaker Will Play.

Cleveland, Ohio, Aug. 5.—Tris Speaker, who, it was thought would be out of the game for several weeks, will be in the Indian lineup this afternoon in the battle with the Athletics. Tris got nervous while watching his teammates play yesterday and demanded to-day that he take his regular position in center field. His injured ankle is not causing him any trouble.

#### East Grabbed Everything.

Forest Hills, N. Y., Aug. 5.—Two doubles matches and a singles match were all left for westerners to pick from today in the east vs. west tennis matches, after the riotous rout of the invaders yesterday when eastern players took all four sets of singles in a row. The matches today will have no bearing on the result of the tournament as the easterners clinched their victory yesterday.

N. W. Niles meets Roland Roberts, a new star of the west in the final singles match. In the doubles Johnston and Griffin play Behr and F. B. Alexander and Murray and Davis meet Williams and Church. The westerners generally were believed to have a good chance for today in the doubles. The Niles-Roberts match was a problem for the prophets. Yesterday's results proved a great surprise and one of the stiffest blows the west has had from the east in a long time.

Most thrilling of the four rattling good matches was R. Norris Williams' defeat of National Champion Johnston.

#### SALEM AT RAINIER TOMORROW

Salem's hopes for the Inter-City pennant will play a double-header with Rainier at Rainier tomorrow. The ball grounds at Rainier, which for a good part of the season have been under water, are in good condition again, and as this is the first exhibition on the home grounds since the Rainier team entered the league it is anticipated that the fans of that town will turn out in large numbers and make the occasion a lively one.

### Western Lawn Tennis Championship Battle Is On

Lake Forest, Ill., Aug. 5.—Western tennis sharks gathered here today to start play in the twenty-ninth annual championship tournament of the Western Lawn Tennis Championship, which will be held on the courts of the Onwentsia club. Play will be continued to August 12.

There will be five events, the men and women's singles and doubles, and the mixed doubles.

Interest centers in the men's singles, where westerners will attempt to regain the title taken by George M. Church, of Tenniff, N. J., who won the western tennis singles championship at last year's tournament. Church will meet the winner of the singles in the final round. Miss C. B. Neely of Chicago, holder of the women's title, will meet the winner of the women's singles.

First, second and consolation prizes will be given in each event. The winners of the men's doubles will be the western champions and will be eligible to compete against championship teams from other sections of the country in the preliminary national doubles, which will be held on the Onwentsia courts, August 15, 16 and 17. Winners in this latter event will play Messrs. William M. Johnston and Clarence J. Griffin, national doubles champions, for the title at the West Side Tennis Club, New York, during the week of the National Championship, which begins on August 28.

Only players who are members of clubs affiliated with the United States National Lawn Tennis association and its subsidiaries, are eligible to enter the tournament.

#### WHEN LIBERALITY COUNTS

Washington, Aug. 5.—When the senate goes into executive session, all is solemn and serious. For instance, this story leaks out:

"May I ask what sort of man the nominee [St.] asked Senator Penrose of Senator Stone when Abram Elkus was up for confirmation as Turkish ambassador?"  
 "A liberal, intelligent, generous-minded man," said Stone.  
 "I hope he'll not forget to be liberal in the coming campaign," said Penrose.  
 "Patriotism should dictate his course," replied Stone.

### May Stop Personal Press Agentry by Congressmen at Government Expense

Washington, Aug. 5.—That dearly loved institution, "the leave to print" under which congressmen annually send, postage free, to their constituents tons of imaginary speeches they never made—liberally sprinkled with mythical "laughter" and psychological "applause"—is to be curtailed if a bill considered favorably today by both houses, passes.

A bi-partisan report from the joint printing committee urges these facts in favor of the bill:  
 A million volumes a year, many printed on fine paper and bound in leather, have to be sold as waste paper because no one takes the trouble to frank them out.

Editors and building superintendents complain that whole basements are literally filled with virtual waste paper, so that the government has to rent additional space to store coal and wood.

Private manufacturing firms, acting in collusion with senators and members have had printed and franked at public expense "puffs"—virtual as though described as "expositions" of their plants, factories and industries.

The present rules of both houses are:

A member or senator may obtain the printing of anything as a "public document." Sixteen hundred are automatically struck off; thereafter the senator or the man he is aiding—may have the government printing office strike off as many more as he wishes at the cost. The senator's frank will send any number.

On a "leave to print" in the record, campaign text books, works on various religious, medical theories, etc., are inserted as parts of speeches, technical.

Then they, or any excerpt of them, are frankable. It took an unusual strain in the senate to prevent Senator Penrose from having thus printed the Bethlehem Steel company's anti-government armor plate plant propaganda.

A member may say "Mr. President, I ask leave to extend my remarks in the Record," and then write at any length on anything.  
 The new bill provides for cutting down of departmental documents, all of which are by law required to be printed now, and provides that senate and house committees must examine every document which it is proposed to print. To prevent possible suppression of reports which the senate may wish printed it is provided the houses may overrule committee action, or inaction.

This bill has passed the house at previous sessions and the senate in previous sessions, but if both bodies ever passed it, in the same session, it was invariably found that the two measures differed slightly, and a compromise never has been reached.  
 The annual waste is estimated at \$1,000,000, for printing; that for franking cost to the postal department cannot be measured, but it is said to be much more than that.

#### PREPARING CALF RENNIN FOR MANUFACTURER'S USE.

Secrecy of rennet extract for cheese making has led to the suggestion that packers' and farmers' save calves' rennet stomachs for shipment to rennet manufacturers, and the following method of preparation is recommended by the dairy department of the O. A. C.

The rennet stomach, which is the fourth stomach of the calf, is obtained from calves only that have lived on no diet other than milk. It is removed by cutting where it joins the next stomach, and cleaned out by syringe out the contents. The thick muscular part of the week is cut out and the stomach split open so that it will lie flat. The fat from the outside should be peeled off but the inside of the stomach should not be washed with water. The rennet is then stretched well and salted heavily on both sides immediately and left a day or two in a cool dark place away from the flies to drain. Plenty of salt should be on both sides. All rennets must be drained and kept cool until ready for shipment, when they are packed in tubs or boxes. They spoil readily and must be kept cool and salted. When thoroughly dried they will keep indefinitely, and where only a few are secured each week, it is a good practice after salting and draining, to hang up in the air to dry.  
 The price received two months ago for rennet was 12 to 15 cents each, but it is said that manufacturers no doubt are willing now to pay a few cents more, due to the great scarcity.

### Candidate Hughes Is Off On Initial Tour— Heads for West Coast

New York, Aug. 5.—Republican nominee Hughes started his stumping tour today. It will carry him across the country to the Pacific coast and back again, with a few days' vacation sandwiched in between times, at some spot in Glacier National Park, Montana.

Originally Candidate Hughes planned a dignified speaking tour with set appeals for votes in only a dozen or so of the big cities en route to the Pacific coast. He expects to remain a day or so in each of these large cities conferring with local leaders. But the moment he announced a transcontinental tour he began being bombarded with appeals from republicans for speeches in their home towns—and today it appeared that Hughes would do a regular "barnstorming" tour—rear platform speeches and all.

Four years ago Colonel Roosevelt established a precedent for liveliness in transcontinental tours and with Hughes ability as a campaigner his friends were betting today he would equal if not better the Rooseveltian record for strenuousness in speaking dates.

With the governor travels Mrs. Hughes. It is a brand new departure for the wife of a candidate to be with him on campaign tours. But Mrs. Hughes has always been one of her husband's most trusted advisers and assistants in mapping political strategy, and besides she wants to see that he kept well, so it was decided to have her along. Governor and Mrs. Hughes, two secretaries, a messenger, the governor's personal press agent, Carl D. Sheppard, formerly a Washington newspaper man, and a messenger will occupy one private car on the trip.

On Monday, Governor Hughes will make the first set campaign speech of the season at Detroit. Tuesday he will speak in Chicago, and then he goes to St. Paul.

#### SCIO FAIR WILL BE 'BEST EVER'

The program for the Linn county Fair at Scio has been completed. The year's session being scheduled for September 6, 7, 8th.

Governor James Withycombe will be the principal speaker on the opening day and other well known men will be secured for the program.

There is to be an aeroplane flight each day. Last year the man secured to make the flight failed to arrive and in order to safeguard themselves this year a large bonus has been required which demands a flight each day of the fair.

The racing program will be the equal of any ever staged at the fair and with a big display of agricultural products and other interesting exhibits the fair promises to be the biggest event ever held in Scio.

Dances will be held on the fair grounds each night and there will be plenty of carnival amusements and other attractions.—Stayton Mail.

#### BEAVER VISITS SILVERTON.

As he was entering his premises a few days ago, J. D. Drake noticed a piece of kale traveling along in the direction of the sidewalk. To satisfy his curiosity June set a trap under the walk and when he went to look at it some time later the trap was missing. The mystery was solved Monday, however, when John Booth killed a large mountain beaver under the sidewalk on Water street which had Mr. Drake's trap painfully attached to its leg. Mr. Drake says there are lots of them in the vicinity of his farm and the only way he can account for the animal being in town is that it must have followed him home from the mountains some night or was frightened out of the woods by a family jar which is said to have taken place in that vicinity a few weeks ago.

Since the papers have had so much to say about that Eastern Oregon Senator's have hide hat, June proposes to go him one better and order a genuine beaver hat made to measure.—Silverton Tribune.
